## Windrow's STORE NEWS

### Which Soap?

All soaps will cleanse, but they will not destroy disease germs. Germicidal Soap not only removes grease and dirt from the hands, but it destroys disease germs and perspiration odors.  
Germicidal Soap is three things in one: a cleanser, a germicide, and a deodorant.

Germicidal Soap is a good general soap for toilet and bath purposes. It frees the skin from perspiration odors, from the germs of infection, as well as the tiny parasites that cause skin eruptions.

Get a cake of Germicidal Soap today. Price 25 cents.

Mrs. Ed DeMontel spent last week-end in San Antonio visiting her daughters, Mesdames Eug. Behan and K. B. Schilling.

Mrs. E. C. DeMontel and daughters, Helen and Annie and baby son are here from Wichita Falls, visiting Judge and Mrs. DeMontel.

J. S. Whitehead came in from his Zavala and Dimmit County ranches Thursday. He reports cattle doing well in his section of West Texas.

Mr. and Mrs. O. J. Bader visited LaCoste Thursday, where Mr. Bader delivered a Ford touring car to Mr. H. C. Heilig, cashier of the LaCoste National Bank.

John G. Brucks was down from his ranch Wednesday. He reports all crops and gardens killed by the late freeze, but said it was too early to determine whether the corn would have to be planted over.

W. F. Tampke, accompanied by his daughter, Miss Myrtle and Mrs. Jacob Schweers, all of Quilhi, were in Hondo last Saturday. Mr. Tampke took occasion to pay the Anvil Herald office a pleasant call.

A private letter from W. C. Horger brings the information that he and his family have moved from Charlotte to San Antonio, where he is now connected with the Meliff-McAlister Lumber Co. The Anvil Herald wishes them success in their new location.

The Citizens Motor Car Co., August E. Weynand proprietor, has recently secured the agency of the Star and Durant Automobiles for this section, and reports delivery of cars to the following: Star touring cars to Guido Richter and August Mumme and a Durant roadster to Paul Richter. Mr. Weynand believes that he has secured the agency of two cars that are destined to prove very popular.

Elmo, the little son of Mr. and Mrs. Willie Bendele, who had the misfortune to break his thigh while wrestling with a playmate at the Enterprise School, some five weeks ago, is making a good recovery. Immediately after the accident the little fellow was brought to the home of his aunt here, Mrs. August Schmidt. He had recovered sufficiently to be removed to his home near Dunlay the first of the week.

Mr. and Mrs. Charles Metzger returned Sunday from a week's automobile tour of the lower Rio Grande valley. Mr. Metzger was delighted with the valley, especially the citrus orchards. His brother-in-law, W. F. Shaw, has just planted a large orange orchard at Mercedes, and the entire valley is developing rapidly and is destined to soon become an empire within itself. Mr. and Mrs. Metzger were accompanied home from the valley by Mrs. Metzger's mother, Mrs. W. F. Shaw, who will spend some time with her here.

The afternoon mail of the United States on rural No. 1 came near going up in smoke Wednesday. Carrier Reitzler's nerves are not yet back to normal. The generator wire from some reason became disconnected and soon all the connecting wires were ablaze. No one being present to tell Mr. Reitzler to escape from the car he acted on his own initiative and got out of that car quicker than he ever did before in his life. Quick and vigorous work saved the car and mail and a few minor repairs made by the carrier enabled him to complete his rounds. His pulse he hopes, will be beating regular again in a month or two.

Mr. and Mrs. Roy Stone, Miss Dorothy Green and Bine Stone motored in to San Antonio Wednesday. Mr. Roy Stone is somewhat indisposed and the trip to the city was for the purpose of seeking medical advice.

Blizzardy weather has no terrors for young folks like Mr. and Mrs. B. G. Collier. They went to San Antonio last Friday on a visit to their son and family, and returned Monday afternoon. Mr. Collier says they suffered but little discomfort despite the chilly blasts that was making old people hug the chimney corners.

Fritz Fuchs, the big oil man, is again here and drilling which had been suspended for some time, has been resumed. It is thought the drill is approaching the oil sand and Mr. Fuchs, who was unavoidably detained away, stopped operations as he wanted to be present when the oil sand was reached. Interest will be centered on this well now and a good oil strike is anticipated at an early date.

"An Old Fashioned Mother," the play given under the auspices of the Epworth League at the Auditorium Friday night of last week, proved a most pleasing entertainment and was enjoyed by a large audience. The characters were well interpreted by those taking part, and it would be invidious to make mention of any particular one where all did so well. The proceeds of the entertainment approximated \$65.

In the case of W. A. Thompson, vs. The Devine Independent School District, a Judgment was rendered by the Court of Civil Appeals this week, affirming the Judgment of the lower Court. Plaintiff Thompson claimed that the value placed on his property by the trustees of the Devine Independent School District was excessive. The case was tried at the last term of the district court here, and a Judgment rendered in favor of the Independent District. From this Judgment Thompson appealed to the Court of Civil Appeals, which has just handed down a decision affirming the Judgment of the lower Court. District Attorney, L. J. Brucks received notice to this effect Wednesday. Whether or not the case will be contested further we are not advised.

Following out a custom of several years standing the children of the Hondo Public School will undergo a physical examination Wednesday, Thursday and Friday of the coming week. This examination will be held under the auspices of the Parent-Teacher Club; its purpose being to detect and correct any physical defect any of the children may be afflicted with. Attention will be given to the eyes, ears, nose and throat. To weight according to height—in fact, to any defect that may be found that in any way detracts from a perfect child. On the request of the Parent-Teacher Club the Hondo physicians volunteered their services for this examination and it will be made without expense to the parents or guardians of the children.

Horace Bradley, cashier of the First National Bank, left on Thursday's afternoon train for Del Rio, where he will do jury duty in the Federal Court there. Vernon King and John Buss each also received a summons, but we understand Mr. King was excused on the ground of being engaged in tick eradication work, while Mr. Buss pleaded sickness as his reason for not obeying the summons.

**A TONIC**  
Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

Messrs. C. M. Merritt, R. J. Noonan, L. J. Brucks, Will Holloway, O. H. Miller, Geo. Schuehle and Oscar Schuehle attended a mass meeting at Riomedina Thursday night which had been called for the purpose of boosting the Medina County Fair. Several enthusiastic speeches were made and several hundred dollars worth of the stock was subscribed for. It is the purpose of the promoters of the Fair to distribute the \$15,000 of stock as widely as possible over Medina County and for that purpose similar meetings will be held at various points in the county. As we go to press, Friday afternoon, arrangements are being made for a similar meeting at Castrovilla in the evening.

Oscar J. Bader, local Ford dealer informs this paper that with 116,080 Ford cars sold at retail in February, a new record for the shortest month in the year has been established. February sales exceeded those of January by more than 15,000 and marked the eleventh month in which Ford sales have topped the 100,000 line. Mr. Bader also says that even the high production schedule set at the Ford Motor Company's factory, which will reach 6,000 cars and trucks a day about April 1, will be unable to meet the apparent demand for Ford products. Stocks in hands of dealers are at present the lowest they have been in months. The February sales topped those of January by 15 per cent and set a new high record for Mid-Winter selling. With February the eleventh month in which Ford car sales have gone over the 100,000 total for this period is close to 1,250,000 cars. While the local firm had only a small part in this aggregate of the Ford Company's business, they enjoyed a profitable share of it, as their weekly report of sales as published in this paper amply attests.

We will confess our vocabulary is too limited to enable us to fully express our disgust for the brand of weather this section experienced the last of last week and the first of this week. This is supposed to be balmy spring time, but the supposition is about all there is to it. According to Judge Haass, voluntary observer of the U. S. Weather Bureau, the thermometer dropped to nineteen degrees Monday morning—the coldest morning of the winter. Of course, all garden truck was destroyed, figs all killed and it is possible the greater amount of the peach crop is gone. The field crops were not up and it is not thought the seed in the ground was injured. About the only satisfaction—if that is any satisfaction—that one can get out of this catastrophe is that this section is not the only one that suffered. According to the daily papers the cold covered Texas, and the loss ran into hundreds of thousands of dollars. Some here still hope our peach crop was not entirely destroyed, but this can only be determined by time. The coast country, where the planting season is earlier than here, suffered enormously, as in many sections both the corn and cotton crops were up. This was the most destructive freeze that has visited Texas in many years.

The earlier you start that boy's Old Line life policy, the cheaper and safer. O. H. Miller—Insurance that satisfies.

**TAKE YOUR STORAGE BATTERY TO PAUL WEYNAND'S GARAGE—NEXT DOOR CITY BAKERY. FOR FIRST-CLASS RECHARGING AND REPAIRING. ALL WORK GUARANTEED.**

Carload shipments in and out of Hondo for the past week were the lightest for several months; 6 cars of corn, 2 of hay and one of cattle being the outbound shipments; while 2 cars of gasoline, 1 of flour, 1 of sand and 1 of oil were the total inbound shipments.

Wednesday, March 21, was the first day of Spring. It is hoped now that old man Winter will retire into "innocuous desuetude" for about eight months or more and give real West Texas weather a chance to undo all the mischief he has brought on the country during the months of February and March.

President J. M. Finger of the First National Bank, has spent the week in San Antonio with Mrs. Finger, who underwent a surgical operation Monday. It will be pleasing news to the people of Hondo to know that she came from under the operation splendidly and is progressing toward a complete recovery in as satisfactory a manner as could be desired.

Mrs. Frank Scott Cockrell accompanied Mr. and Mrs. T. C. Barnes to San Antonio Thursday. Mr. Barnes went to the city to be with his brother, Mr. S. Barnes, who was to undergo a surgical operation, but which was postponed by the surgeon, until Monday. Mr. and Mrs. Barnes returned home Thursday afternoon. Mrs. Cockrell protracted her stay in the city a little longer, returning on the early night train.

**No Worms in a Healthy Child**  
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dislodge the worms, and the child will be in perfect health. Pleasant to take. 75c per bottle.

Friday.

Otto Koenig and son sold 19 bales  
of their own cotton here Friday and  
three bales for Conrad Loeburg, at  
near 30 cents basis, to E. A. Reasons.  
It amounted to about a full car load  
and brought these farmers about  
\$3,000 or better. Prices were a little  
off from last week, when it sold for  
30 cents.

City Marshall, G. B. Grant, for  
many years a citizen of Devine, and  
prominent in local politics, left us  
this week for his future home in San  
Antonio. Mr. Grant served several  
years as County Commissioner and  
was well known over the entire  
county.

Eli Burch Is Dead.  
James Smith of Devine, Jason  
Smith of Lytle, and other relatives  
of Mrs. Eli Burch, of San Antonio,  
were called to that city Tuesday, by  
a message which said Mr. Eli Burch  
was dead. Eli Burch was one of  
Devine's first merchants; was for a time  
postmaster, and for a time owned  
"Devine Wide Awake," the first paper  
ever projected in Devine. Two  
sons and three daughters survive.

The family left here a dozen years  
ago to reside in San Antonio. Away  
back in the '80's and early '90's he  
was a leading factor in Devine's  
business enterprises of various kinds.  
Mrs. Burch is a sister to Mrs. Sarah  
Smith of Devine.

Mr. and Mrs. B. A. McDonald  
visited in Hondo one day, accompa-  
nying Mrs. V. A. Crow to her home,  
after a visit here.

E. Bush of Big Foot reports selling  
two pound pups to a Hondo man the  
other day for \$45. They were regis-  
tered wolf hounds, he said. Owing  
to the high price of poultry and the  
depression of wolves good wolf  
hounds are in demand.

ORDER FOR ELECTION.

Hondo, Texas,  
March 2, 1923.

Be it ordered by the board of  
trustees of Hondo Independent  
School District that an election be  
held at Sample Room in the town of  
Hondo, Texas, in said Hondo Inde-  
pendent School District on the 5th  
day of April, 1923, to determine  
whether the board of trustees of said  
district, shall have power to annually  
levy and collect a tax upon all tax-  
able property in said district, for the  
support and maintenance of public  
free schools in said Hondo Inde-  
pendent School District, of and at the  
rate of twenty-five cents additional on  
the \$100.00 valuation of taxable property  
in the district; such tax, if voted, to  
be levied and collected for the year  
1923 and annually thereafter un-  
less it be discontinued as provided  
by law.

Jack Fusselman is hereby appoint-  
ed manager of said election, and he  
shall select two judges and two clerks  
to assist him in holding the same.

None but property tax payers who  
are qualified voters in said Hondo  
Independent School District, shall  
vote at said election.

O. E. Lacy,  
President  
Attest:  
J. R. Chancey,  
Secretary.

CITATION BY PUBLICATION.

THE STATE OF TEXAS,  
To the Sheriff or any Constable  
of Medina County—Greeting:

You are hereby commanded, that  
you summon, by making publication  
of this Citation in some newspaper  
published in the County of Medina,  
once in each week for four consecu-  
tive weeks previous to the return  
day thereof, W. S. Campbell, who  
is a transient person and whose place  
of residence is unknown, to be and  
appear before the Honorable District  
Court of Medina County, Texas, at  
the next regular term thereof, to be  
held in the said County of Medina  
at the courthouse thereof, in the  
town of Hondo, on the 16th day of  
April, A.D. 1923, the same being  
the third Monday of said month,  
then and there to answer a Petition  
filed in said Court on the 19th day of  
September, A.D. 1922, in a suit num-  
bered on the docket of said Court  
No. 1772, wherein J. F. RILEY and  
his wife Bessie Riley are Plaintiff's  
and W. S. Campbell is defendant.  
The nature of the plaintiff's demand  
being as follows:

Suit for the cancellation of a coal  
mining lease executed by plaintiff's  
and delivered to defendant on the  
24th day of March, A.D. 1921, on  
260 acres of land, more or less, sit-  
uated in Medina County, Texas, out  
of Surveys No. 449, Mary Denson;  
No. 450, Geo. Rissman, and No. 451,  
J. B. Rippstein, and fully described  
in said lease, and also for the recov-  
ery of the sum of \$700.00 due as  
royalties on said lease from February  
14, 1922, to September 14, 1922.

Plaintiffs allege that they executed  
said lease on the 24th day of March,  
A.D. 1921, granting to defendant the  
right to prospect for coal on said land  
for a period of 12 months from said  
date, and that if defendant should  
find sufficient coal underlying said  
lands, he should on acceptance of said  
lease contract become liable to plain-  
tiffs for a minimum royalty of  
\$100.00 per month for each month  
thereafter for a period of fifty years  
from date of acceptance.

That thereafter, on the 14th day  
of February, A.D. 1922, the defend-  
ant by an instrument in writing duly  
executed and delivered, accepted said  
lease agreement in all its terms and  
conditions, and bound himself to be-  
gin operations for mining coal on  
said land and to pay to plaintiffs  
the said minimum royalty of \$100.00  
per month for each month thereafter  
for a period of fifty years from said  
date last mentioned.

That the defendant has wholly fail-  
ed and refused and still fails and re-  
fuses to begin operations for mining  
coal on said land, and has wholly  
failed and refused and still refuses  
to pay plaintiffs the said royalty of  
\$100.00 per month, or any part there-  
of.

That by reason of defendant's  
failure and refusal to perform any  
part of said agreement, as alleged,  
plaintiffs on the 14th day of Septem-  
ber, A.D. 1922, terminated and  
cancelled said lease agreement and  
declared the same as of no further  
force and effect, and as not binding  
on them after said date.

That plaintiffs are the owners of  
said land; that there is a valuable  
deposit of coal underlying said land;  
that said lease agreement and the  
defendant's acceptance thereof, both  
of which are in writing and have  
been duly recorded in the Deed Rec-  
ords of Medina County, Texas, (the  
former in Book A No. 65, on page  
101, and the latter in Book A No.  
65, on page 470), constitute a cloud  
on plaintiffs' title to said land, and  
prevents them from undertaking op-  
erations for mining the coal under-  
lying said land.

Plaintiffs pray for judgment can-  
celling said lease agreement and de-  
claring the same terminated, and di-  
vesting the defendant of any and all  
rights, privileges or title that he  
might claim or to which he might  
be entitled under its terms; and for  
judgment for the sum of \$700.00,  
the amount of royalties due up to  
September 14, 1922, for costs of

STATE DEPARTMENT OF EDUCATION, AUSTIN, TEXAS

Report of School Supervisor on Hondo School

From the Huajillo Leaf.  
Date February 20, 1923  
Supervisor Carrie B. Sterrett  
Superintendent J. D. Howell  
Pres. of Board O. E. Lacy

The work of classifying and ac-  
crediting the public schools of Texas  
is under the direction of the State  
Committee composed of six members  
chosen by the public schools and six  
by the colleges. This Committee de-  
termines the conditions upon which  
the high schools are classified and ac-  
credited for the purpose of establish-  
ing educational standards, and cer-  
tifying those that have attained them  
so as to facilitate the transfer of  
students to any other school or col-  
lege.

The regulations as prescribed by  
this Committee are administered by  
the State Department of Education  
through high school supervisors. In  
the visits of the supervisors and in  
their reports to school authorities,  
recommendations are offered in the  
spirit of cooperation and helpful  
suggestion, with the earnest desire  
that all school authorities will join  
with the State Department of Ed-  
ucation in raising standards of sec-  
ondary education in Texas.

In order that the school may be  
properly certified it is essential that  
minimum requirements as outlined  
in Bulletin 150 be met. To that end,  
the supervisor who recently visited  
your school makes the following re-  
commendations:

1. That the present tax be in-  
creased before another school year.

Neighborly Advice

Freely Given by a Hondo Citizen.

When one has suffered tortures  
from a bad back and found relief  
from the aches and pains, that per-  
son's advice is of untold value to  
friends and neighbors. The follow-  
ing neighborly advice comes from a  
Hondo resident.

B. H. Robinson, carpenter, says:  
"I was troubled with my kidneys. I  
had to get up three or four times at  
night to pass the kidney secretions  
which were scalding and highly col-  
ored. I had dizzy spells and black  
specks appeared before my eyes. My  
head ached and I had sharp pains  
through my kidneys. A friend told  
me of Doan's Kidney Pills and one  
box of Doan's regulated my kidneys  
and my back never aches now."

THE THRICE-A-WEEK EDITION  
OF THE NEW YORK WORLD  
IN 1923 AND 1924.

Practically a daily at the Price of a  
Weekly. No other Newspaper in  
the World Gives So Much at  
So Low a Price.

The wide, wide world has become  
so narrowed by science that news  
from all around the globe is printed  
in the current New York World, to-  
gether with the views of nation  
builders, master men and leading  
women everywhere and particularly  
in the United States. No other  
newspaper is better equipped to give  
the news of the world at the time  
it is news than The New York  
World.

The Thrice-a-Week edition of The  
World is the greatest example of  
comprehensive journalism in Ameri-  
ca. It will keep you as thoroughly  
informed as a daily, which would  
cost five or six times as much. It  
is a unique newspaper, published  
three times a week, for \$1 a year.  
This is the regular subscription  
price and it pays for 156 newspapers.

We offer this unequalled news-  
paper and Fletcher's Farming to-  
gether for one year for \$1.25.

The regular subscription price of  
the two papers is \$2.00.

### NOTICE TO MEMBERS OF ST. LOUIS SOCIETY.

All members are kindly requested to attend the regular meeting on April 1, 1923, at 2:30 p.m., at Castroville.

JOE KELLER, Pres.

Miss Edith Haby was taken to San Antonio to a hospital for treatment. Miss Edith has been in bed since the death of her mother three weeks ago and her many friends wish her a speedy recovery. She was accompanied to the hospital by her brother, Otto Haby.

By an oversight, we failed to mention in due time that Mrs. Elizabeth Fuos celebrated her 89th birthday anniversary March 9. We join her many friends in wishing the venerable lady many happy returns of her natal day.

Messrs Louis Biedeger the Alcalde from LaCoste and John Biry, were Castroville business visitors Thursday.

Messrs. Albert Haby, Leo Tschirhart and Jack Burell were Alamo city business visitors Thursday.

Mr. and Mrs. Adolph Boehme of Bandera county, were visiting kin-folks and friends in our midst the middle of the week.

Several from here attended the dance at the Quibi hall, Saturday night.

One of the coldest northers of the season swooped down on us Sunday morning. Good-bye peaches and figs.

Mrs. Howard Mangold and little son, of Noonan spent Wednesday here with Mrs. John Rihn.

Mrs. Ed DeMontel of Hondo, and daughter, Mrs. Carl Schilling of Camp Travis, visited relatives here Tuesday.

Jos. A. Courand spent Sunday with his parents, Mr. and Mrs. Jos. Courand, in San Antonio.

Mrs. Louis Bendele and son, Chas., went to San Antonio the middle of the week, where Mrs. Bendele placed her son in Business College. We wish the young man success in his new studies.

Mrs. Rossy of San Antonio spent the week here visiting Mr. and Mrs. Max Jessie.

Mr. and Mrs. Edmund Wurzbach were here from Cliff Sunday.

Mrs. Lena Hummel and Miss Renada Wurzbach of Cliff visited here Saturday.

### ONE HUNDRED DOLLARS IN GOLD FOR A NAME!

San Antonio, Texas, March 1, 1923. The new 225-room hotel being erected at Main Avenue and Travis street, San Antonio, for Percy Tyrrell, is rapidly nearing completion, and Mr. Tyrrell proposes to enlist the interest of all Texans in the selection of a name for this purely Texas hostelry.

The history, the romance and the greatness of the Lone Star State are to be drawn upon in the evolving of a cognomen which will identify the house for all time in the minds of all Texans who are made familiar with the circumstances of its construction and naming. There is no State in the Union that has a prouder history; there is no State where romance is more closely entwined around and about the annals of its few centuries of civilized existence, its province, republic and State; and there is no State where Nature has been more lavish in endowment for the enrichment of her sons, than this same empire of the Southwest. And, by the same token, no State has a more loyal people, or a people who are prouder of their heritage and of their glorious history. Surely, with all this background, a Texan will be found who is so imbued with the spirit of Texas as to have at his tongue's end a name that will best typify all that the State means to him.

To such a man—or woman—Mr. Tyrrell offers \$100 in gold for a name that will be most acceptable to him; that will in his judgment meet the requirements above set forth.

One hundred dollars in gold will be given for a name! Easy enough, isn't it? All communications containing names should be addressed to Percy Tyrrell, manager Gunter Hotel, San Antonio, Texas. They will be stamped on receipt with the day and hour of their receipt. All names must be in before noon of April 1. If the name selected is offered by more than one person the one first received, as shown by the time stamp, will be awarded the prize.

### A BOY'S ESSAY ON GIRLS.

"The girl are the sister of the boy an' have long hare, wares dresses an' powder an' are stuck on actin' men. The first girl were called Xmas Eve.

"Most every fambly has a girl an' some of the moar unluckie wuns has two or three. We, have a girl in our fambly an' she is my sister. She hav a bow, an' my father Henry Brown says he hopes she'll fule him into marrying her. Girls kin grow older an' git younger. My sister haz been twenty-three fer four years an' sum day we may be twins.

"Fat girls want to be thin and visus versa.

They is three kinds of girls; brunette girls, blonde girls, an' them that has money. Girls is afraid of mice and bugs which makes it fine to put these little reptyles down they're backs.

## A Wish

"I HAVE TAKEN Cardui for run-down, worn-out condition, nervousness and sleeplessness, and I was weak too," says Mrs. Silvie Estes, of Jennings, Okla. "Cardui did me just lots of good—so much that I gave it to my daughter. She complained of a soreness in her sides and back. She took three bottles of Cardui and her condition was much better.

"We have lived here, near Jennings, for 26 years, and now we have our own home in town. I have had to work pretty hard, as this country wasn't built up, and it made it hard on us.

"I WISH I could tell weak women of Cardui—the medicine that helped give me the strength to go on and do my work." This card fulfils her wish.

FOREIGN MISSIONARY WILL DELIVER ADDRESS.

The Rev. W. Flierl, missionary to the New Guinea Islands is at the present time touring the United States delivering lectures in the various Lutheran congregations. Missionary Flierl has notified the members of the church that he shall make every effort to be with us on Palm Sunday, March 25, 1923, and deliver a lecture in the American language in St. Paul's Lutheran Church. He also carries with him an interesting collection of relics, and these together with the lecture should prove an educational asset to all missionary friends. Remember the date: Palm Sunday, March 25, 1923, 3:00 p.m. Members and others are cordially invited.

Rev. G. E. Grueber.

WILLIAMS-KNIGHT SETS NEW ECONOMY RECORD.

A record of economy that is regarded as remarkable in a car of this class was rolled up by a Williams-Knight five-passenger touring car in Oklahoma City traveling 37 1/2 miles on one gallon of gasoline. The record is regarded as all the more striking because of the fact that it was made in the congested traffic of the city. The car, too, carried four passengers including two official drivers. Another handicap that developed was a stiff head wind. Throughout the country the new Williams-Knights have been setting records of economy in the use of both gas, oil and fuel that have set new standards for cars of this class.

INSPECTOR HERE.

H. P. Davis, Sealer of Weights and Measures for the State Warehouse Department, was here Friday of last week on official business. He did not find it necessary to condemn any of the scales or measures in use, and of the fourteen adjustments made all were slight variations and operated against the seller and in favor of the buyer. Mr. Davis thinks this a remarkably favorable showing for the town.

Following are the inspections made:

THE RADIO IN HONDO.

Of all the things the editor knows little about, he knows least about Radio. When Radio Fans begin to talk to him in Radio terms he is as lost as he would be in the labyrinths of old King Tut's tomb.

But Hondo has been bitten by the Radio bug. Origen Crow was the first to fall a victim, and we told our readers about it some time ago. Mr. Crow improvised his own receiver. Since then, Prof. Thompson has installed a very complete outfit at his home and has become quite an expert.

We understand that Wood Cameron and Wesley Mofield each have Radio sets also, very much to the disadvantage of home preparation of school lessons, and there may be others of whom we have not heard.

But the latest one to be installed is at the home of Dr. H. J. Meyer. He installed one of the latest and most improved receiving sets last Saturday and since that time has been enjoying musical concerts, lectures and news despatches all the way from Atlanta, Georgia, to Sacramento, California. When he wants to hear any of these things he does not have to tie himself away to a theatre but merely switches on a thing-a-ma-jig (we told you we didn't even know the lingo) tunes in with a some-thing-or-other and listens to his heart's content. If the doctor has a sleepy look o' mornings it's merely the sign that the concert lasted rather late the night before.

But the Radio is a wonderful invention. We shall not be surprised at some fellow tuning in some time on "the music of the spheres" or conversing with "the man in the moon."

NOT A DIME FOR REPAIRS IN FIFTEEN THOUSAND MILES.

A Chicago owner of an Overland car bought on April 1, 1922, says: "I have driven it over 15,000 miles and have not spent a dime on it for repairs, never had any carbon removed or any work done on the car at all, other than have the spark plug cleaned. I am quite satisfied with the service the car has given, and I am a strong booster for the Overland. My friends, who ride with me, say that I am a hard driver and use it like anyone else would a truck."

STUPIDITY.

By Floyd Stovall.  
Yesternight when we went walking,  
I was in no mood for talking;  
And while passing 'neath a tree,  
Where it was too dark to see,  
I stole a kiss from Jenny, and she cried—  
I wonder why?

Fearing I had been too sprightly,  
I behaved to-night politely;  
But on parting at the door,  
With "Good-night" and nothing more,  
I thought her disappointed, for she sighed—  
I wonder why?

FARM LOANS.

The Hondo National Farm Loan Association, H. E. Haas, Secretary-Treasurer, Hondo, Texas, representing 132 borrowers, with \$503,280 borrowed, is prepared to make farm loans anywhere in Medina County under the Federal Farm Loan Act at 5 1/2 per cent interest and 1 per cent 33 year amortization repayment plan. Nineteen thousand Texas farmers have taken advantage of this system of borrowing over fifty million dollars. Why not you? Former restrictions have been taken off and you may borrow for any purpose provided for in the Act, as a farmer only.

Casual Waters

Smith took a day off and went down into New Jersey to fish. He found a small though promising pond and had his line in for three hours without getting a solitary bite. A farmer's boy had been watching him with considerable interest most of the time, and finally Smith demanded querulously:

"Say, are there any fish at all in this pond?"

"I don't know," the youth answered, "but if there are they must be pretty little ones, for the pond wasn't there until it rained yesterday."

CLOTHING WANTED.

The Woman's Missionary Union of the Baptist Church will send a box of clothing to Buckner's Orphan's Home some time during the last week in March. We will be very glad to receive donations from all denominations, as children are received from all denominations; we ask especially clothing for boys, as their building was recently burned down, destroying all their clothes. Please send the things to Mrs. Nettie Carle's.

Mrs. Jack Fusselman.

Fancy Talk

The lecturer had been speaking at length to a rather large audience when suddenly something went wrong with the lights and the hall was plunged in darkness.

"Ladies and gentlemen," he announced, "this is not going to interrupt me in the least. All I ask is that the last person going out will give a signal so that I may end my speech."—American Legion Weekly.

# MOTHER! MOVE CHILD'S BOWELS

"California Fig Syrup" is  
Child's Best Laxative

Hurry mother! Even a cross, sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated,

breath bad, remember a good thing of the little bowels is often that is necessary. Ask your druggist for "California Fig Syrup" which has directions for babies and children all ages printed on bottle. You must say "California" or you may get an imitation fig syrup.

# IF SICK TODAY! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than Salivating, Dangerous Calomel and Doesn't Upset You—Don't Lose a Day's Work—Read Guarantee

I discovered a vegetable compound that does the work of dangerous, sickening calomel and I want every reader of this paper to buy a bottle for a few cents and if it doesn't straighten you up better and quicker than salivating calomel just go back to the store and get your money back.

I guarantee that one spoonful of Dodson's Liver Tone will put your sluggish liver to work and clean your thirty feet of bowels of the sour bile and constipation poison which is clogging your system and making you feel miserable.

I guarantee that one spoonful of this harmless liquid liver medicine will relieve the headache, biliousness,

coated tongue, ague, malaria, stomach or any other distress by a torpid liver as quickly as by a vile, nauseating calomel, but it will not make you sick or hurt you from a day's work.

Calomel is poison—it's mean; it attacks the bones, often causes rheumatism. Calomel is dangerous. It sickens—while Mr. Dodson's Liver Tone is safe, pleasant, and harmless. Eat anything afterwards, because it can salivate. Give it to the children because it doesn't upset stomach or shock the liver. Take spoonful tonight and wake up feeling fine and ready for a full day's work.
